

Introducing
Ramari Yerex

Ramari is from Rotorua, NZ, where she and her husband Paul have owned and operated a very successful Upholstery business since 1984. She has a background in the hospitality industry where, while working at night with at home Paul caring for their three children, she worked her way up from a Restaurant Waitress to Cashier, Supervisor and Food and Beverage Trainer. Where, her detail and understanding of the customers needs became apparent and helped put the restaurant on the map.

From there she moved into the retail industry working as a Senior Shop Assistant in a very successful Camera /Film developing store. She developed a love of photography and enjoyed passing on her knowledge to all the customers, family and friends. It was while working there she was asked to take on the position of Front Receptionist at ACC Rotorua, where she was instrumental in setting up front end systems for processing claims as they arrived. Her personality and love of helping people while dealing with trauma soon became apparent.

In 1992 the Upholstery business expanded and she was called back to work fulltime, where she overrides the day-to-day office, staff and customer requirements. Ramari also has a love of Netball and played and coached for a local Sports Club before she was forced to retire from playing and take on coaching only. During that time she coached a Rotorua Under 17 team successfully. Until she retired to join Paul in his love of Hot Rodding.

Ramari was introduced to ACN through a friend while attending a Hot Rod event at their Hot Rod Clubrooms. Taking Paul along to the in home presentation they could both see possibilities for themselves and their family, the three children now married and now with grandchildren on the scene.

For Ramari it was a way to gain time freedom for Paul from their traditional business, he was working up to 60-70 hours a week. She could build ACN part time and eventually they could retire from their Upholstery business. She could also see a way of financing the extensive renovations to their home, which was purchased with the purpose of using it not only as a family home but also as a Natural Healing Centre, which both Paul and Ramari are looking to build in the future. With that in mind she is building their ACN business while Paul is focused on their traditional business

Ramari has tried other Network Marketing businesses but failed. When she saw the simplicity of ACN “getting paid on a service people use everyday” she knew it was a winner. She believes ACN is one of the most powerful businesses in the World and it’s a vehicle to help people realise their full potential in life if they allow it to happen!
